VOLVO V60 PLUG-IN HYBRID FACTS

Start of production	Week 46, 2012
Performance	215+70 hp/440+200 Nm
Fuel consumption	1.8 litres/100 km*
CO_2	48 g/km*
Acceleration 0–100 km/h	6.1 sec
Battery	Lithium-ion battery
Battery capacity/output	11.2 kWh
Electric engine	50 kW (70 hp)
Diesel engine	Five-cylinder D5 engine in combination with Start/Stop and an efficient 6-speed automatic transmission. 150 kW (215 hp)
Pure electric range	Up to 50 km
Total range	Up to 900 km
Charging time	3.5 h (230V/16A) 4.5 h (230V/10A) 7.5 h (230V/6A)
Battery location	Under rear luggage floor
Towing capacity	1800 kg

All figures are preliminary.
