Two Generations Of The Volvo XC90 SUV Named Best Used Car By CarGurus

(ROCKLEIGH, N.J.) Two generations of Volvo XC90 SUVs have been recognized as solid pre-owned purchases by CarGurus.com, a leading online automotive marketplace.

The experts at CarGurus named the 2014-2018 XC90 a Best Used Car in the Luxury Midsize Crossover/SUV category. The 2014 model year was the last year the original, game-changing XC90 was made. The current generation XC90 launched in 2015 as part of a bold plan to remake the entire Volvo product line-up. Both models were named North American Truck/SUV of the Year.

Matt Smith, CarGurus Senior Editor, said, “A pre-owned Volvo XC90 will delight shoppers looking to combine luxury with safety in their next family car. Not only does the XC90 impress CarGurus’ expert reviewers, it also retains its value well above the segment average, meaning this 3-row luxury crossover won’t suffer from depreciation as dramatically as some of its competitors.”

“Customers can be confident in buying any pre-owned Volvo car,” said Anders Gustafsson, president and CEO of Volvo Car USA. “To have the experts at CarGurus give two generations of XC90 a top category award only reinforces that.”

CarGurus’ award scoring for nominees was based on evaluating a number of criteria: user reviews, professional test drives, popularity, availability, and CarGurus’ projected 12-year value retention. The model with the highest overall score was determined the winner for each category.

Volvo offers these award-winning pre-owned XC90 models through its Certified by Volvo program. Certified by Volvo vehicles meet the strictest criteria and are backed by the company’s unlimited mileage warranty. Each must pass a rigorous, 170-point inspection, have less than 80,000 miles, and receive a detailed CARFAX Vehicle History Report.

Before being certified, Volvo repairs or replaces any necessary components – carefully checking the exterior and powertrain – and even does a road test. A factory-backed warranty covers every part of each Certified by Volvo vehicle that is not specifically excluded, including the replacement or repair of thousands of components. Plus, it’s upgradeable up to ten years. Complimentary roadside assistance and a zero deductible for all warranty visits are also included.

Certified by Volvo vehicles also include emergency towing & lockout service and trip interruption benefits. Full details on the Certified by Volvo program are available at https://www.volvocars.com/us/shopping-tools/shop/certified-pre-owned.
